

Services for Legacy Resource Holders (RIPE Policy Proposal 2012-07)

Niall O'Reilly (UCD, IE), Håvard Eidnes (Uninett, NO),
Carlos Friaças (FCCN, PT), Hank Nussbacher (IUCC, IL),
Sander Steffann (SURFnet, NL), Bernard Tuy (RENATER, FR),
Dave Wilson (HEAnet, IE), Randy Bush (IIJ, JP)

Goals of Legacy Resource Holders

- Have accurate registry data
- Become part of the family we helped set up
- Get the services we need
without disturbing existing rights
- Pay a fair price

Objectives

- Accurate registry data
- Make it easy for Legacy Resource Holders to keep data current
- Make it easy for RIPE NCC to give service to Legacy Resource Holders
- Declare success

Proposed

- New category (in addition to PA, PI): LEGACY
- Members can register legacy resources
- Legacy Resource Holders can become members
- Legacy Resource Holders can register via a Sponsoring LIR
- Non-members can register legacy resources directly with new Legacy Service Agreement
- RIPE NCC will deal reasonably with edge cases

Progress of Policy Proposal 2012-07

- 18 Apr 2012: RIPE 64 Ljubljana:
NCCS WG takes on policy development for Services for Legacy Resources
- 27 Aug 2012: v1.0 announced
