please remember: this session is webcast

APWG Agenda 09:00-10:30

- A. administrative matters
 - approving the minutes from RIPE 65 (Amsterdam)
- B. current policy topics - Emilio Madaio
 - RIPE policy and PDP update, worldwide look
- D. Feedback from NCC Registration Services - Andrea Cima
- E. What is Consensus? - WG Chair
- F. Discussion of open policy proposals
 - 2012-02 Policy for Inter-RIR transfers of IPv4 Addr. Space
 - 2013-02 Removal ... for certification of reallocated IPv4 addresses
 - 2013-03 No Need - Post-Depletion Reality Adjustment
- H. IPv6 PA/PI unification policy - revival attempts
- Y. Open Policy Hour, and Z. AOB

APWG Agenda 11:00-12:30

- *no APWG after coffee break*
- since we are unusually light on policy proposals this time, and NCC Services has a fairly long list of work items, the second AP time slot was given to the NCC Service WG.
- NCC services WG meets *twice* today
 - 11:00-12:30 “policy proposal things”
 - 16:00-17:30 “reports things”

Agenda Bashing

- do you want to see anything changed?
- is something missing?

A. minutes from RIPE 65 (Amsterdam)

- have been circulated on the mailing list
- no comments so far
- more feedback? Any inaccuracies that need correcting?

B. current policy topics

- presentation by Emilio Madaio

D. Feedback From NCC Registration Service

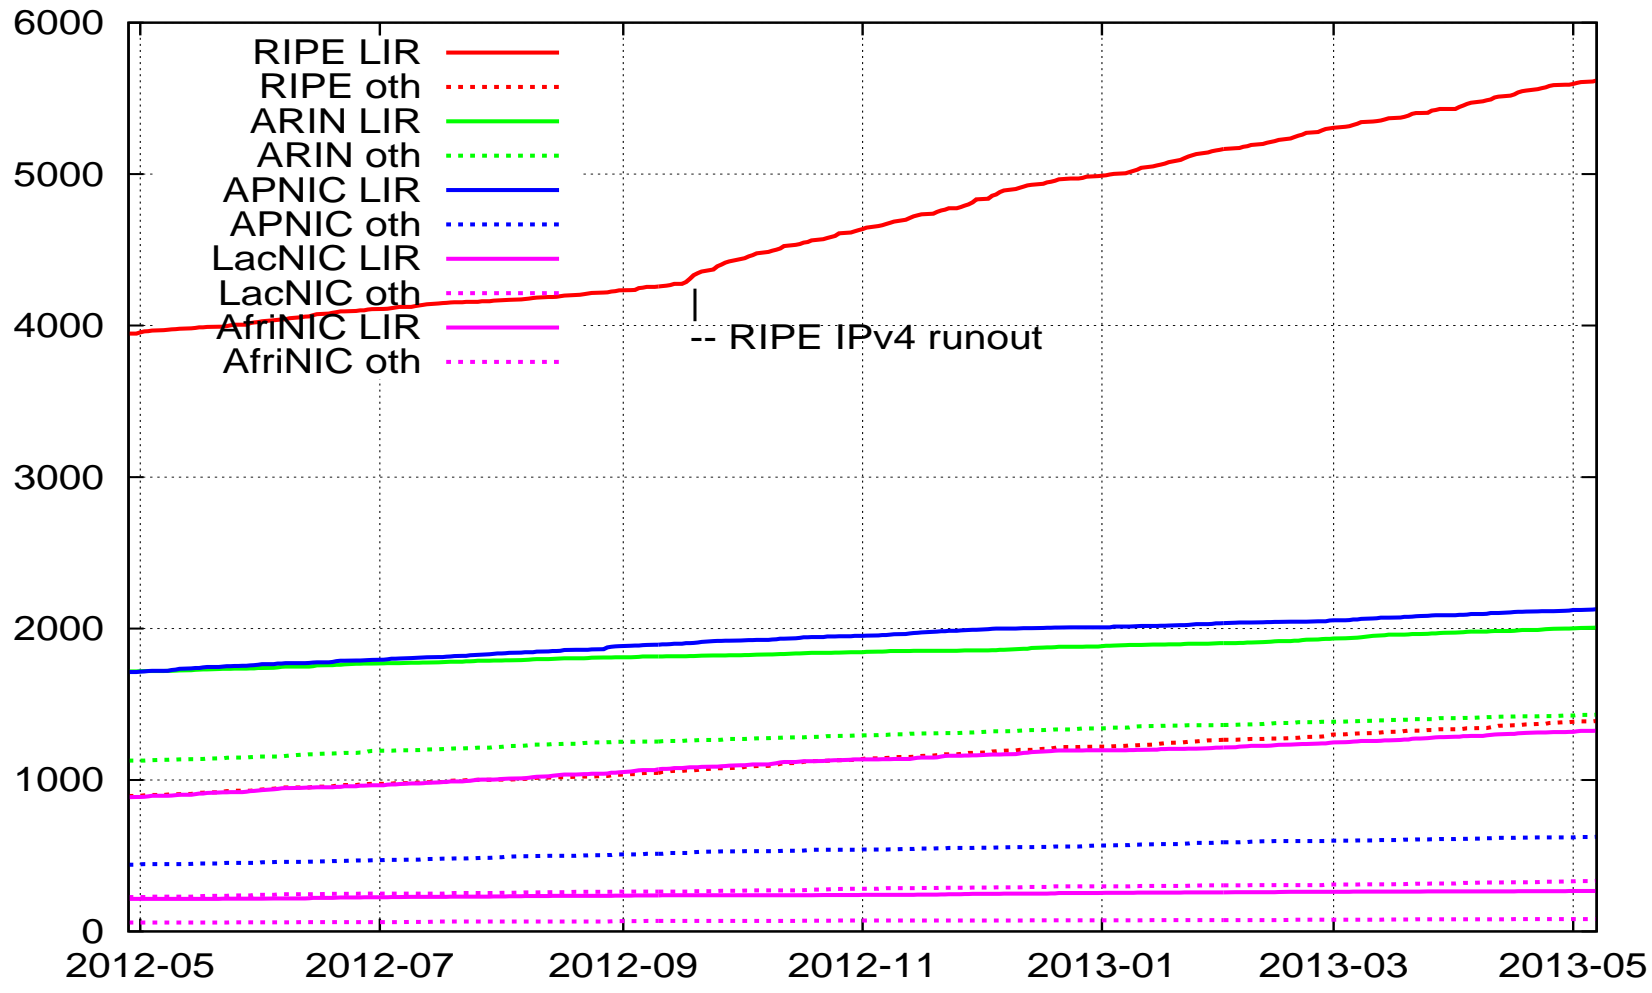

- presentation by Andrea Cima

E. What is Consensus

- IETF draft:
<http://tools.ietf.org/html/draft-resnick-on-consensus-02>
- interesting read on consensus and humming
- (not discussed in more detail today, just for reference)

F. update on IPv6 PI growth (2011-02)

F. Discussion of open policy proposals (1)

- 2012-02
 - “Policy for Inter-RIR transfers of IPv4 Address Space”
 - end of review phase reached April 17
 - no clear consensus
 - proposer working on re-wording policy text in the hope to gain more understanding and possibly stronger support
 - nothing to discuss yet

F. Discussion of open policy proposals (2)

- 2012-03
 - “Intra-RIR transfer policy proposal”
(bring back timeline to 24 months)
 - *withdrawn* because 2012-06 half-reached the same goal (back to 12 months), and 2013-03 (no need) works the same front

F. Discussion of open policy proposals (3)

- 2012-04
 - “(IPv4) PI assignments from the last /8”
 - *withdrawn* because unlikely to reach consensus

F. Discussion of open policy proposals (4)

- 2013-02
 - “Removal of requirement for certification of reallocated IPv4 addresses”
 - review period has ended, strong support
 - now in WG last call
 - no need to discuss, unless one of you wants to bring up objections

F. Discussion of open policy proposals (5)

- 2013-03
 - “No Need - Post-Depletion Reality Adjustment and Cleanup”
 - presentation by Tore Anderson
 - and hopefully a lively discussion :-)

before entering the discussions...

- No decisions are made here(!). This is to get feedback to the proposers and to get a feel for the Working Group's opinions.
- Consensus based process based on the *open* mailing list.
- please remember to speak into the microphone
- please speak your name, so the scribes can properly attribute what you said
- the session is webcast, so people who couldn't come to Dublin can still be participate
- remote feedback can be provided by IRC

H. IPv6 PA/PI unification policy

- unify IPv6 PA and IPv6 PI into “address blocks”
- get rid of unexpected restrictions on “addresses”
- simplification of things can get surprisingly complicated
- got stuck in (*insert excuses here*)
- new approach: find volunteers to help

Y. Open Policy Hour

- “The Open Policy Hour (OPH) is a showcase for your policy ideas. If you have a policy proposal you’d like to debut, prior to formally submitting it, here is your opportunity.”

Z. AOB

- anything else?

Thanks!

- thanks for your input
- thanks for your help in forming policies in the RIPE region
- ...enjoy your lunch!
- ...and we hope to see you all in Athens
