

NCC Services to PI Resource Holders

RIPE / Dublin

Axel Pawlik

Randy Bush

Goals for PI Holders

- Have accurate registry data
- Have a clear relationship to the NCC so data can be rigorously maintained
- **Clarify who may update, LIR or PI Holder**

Objectives

- Accurate registry data
- Make it easy for PI Holders to keep data current
- Make it easy for RIPE NCC to give service to PI Holders
- Simplify and regularize policy as much as possible

Proposed

- Members with PI can register it, or
- PI holders may become members, or
- PI holders may stay under an LIR, or
- Non-members may register PI resources directly with new PI Service Agreement
- RIPE NCC will deal reasonably with edge cases
