

# Abuse-c Update

---

Denis Walker

Database Department, RIPE NCC

# Review

---

- Implementation plan and impact analysis published on:
  - <https://labs.ripe.net/Members/kranjbar/implementation-details-of-policy-2011-06>
- Detailed explanation published on:
  - <https://labs.ripe.net/Members/denis/creating-and-finding-abuse-contacts-in-the-ripe-database>
- Announcements were sent to ncc-announce, ncc-services, db-wg and anti-abuse-wg

# Quick Outline

---

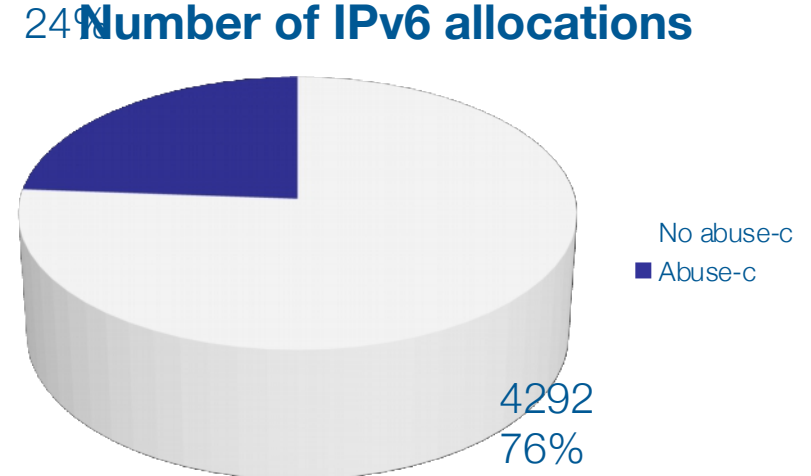

- For LIR Allocations:
- Add “abuse-mailbox:” to a ROLE object
- Reference the ROLE object with “abuse-c:” in your ORGANISATION object
- All allocation resources already reference your ORGANISATION object
- Must be completed by end of Q3 2013
